Description

Unit 1 comprises an end of terrace unit of steel portal frame construction, with profile clad and brick elevations.

At the front of the unit is a reception area with WC's and an office. At first floor there is additional mezzanine storage and ancillary store room. Vehicle access to the warehouse is via a steel roller shutter loading door (3.5m (W) x 4.45m (H)). Internally, the facility has a minimum clear eaves height of 4.8m to the gutter. The warehouse has a 3-phase electrical power supply, capped mains gas and LED lighting to the warehouse. The unit has recently been refurbished.

The premises can be combined with the adjacent Unit 2, giving a total floor area of 7,930 ft².
