WELCOME TO ORCHARD BRAE HOUSE

The newly refurbished and rebranded OBH has launched. With the most desirable amenities in the city, OBH is the perfect space to spend your working days - after all, we spend so much of our lives at our place of work, why not spend it somewhere that's full of perks?

OBH offers Grade A office accommodation over 6 floors with a dedicated amenity level. Common areas have recently undergone renovation to modernise the spaces and the available office suites have gone through a defurbishment - stripping back the spaces to create stylish, contemporary and flexible suites that offer desirable design choices.

Working at OBH, you and your colleagues will find yourselves part of an active workplace community. Whether it be in the gym or at the café, there is always something going on to contribute to the bustling nature of the building.

Its close proximity to Edinburgh's New Town and the city's extensive transport links, makes OBH ideally situated for commuters and locals alike. You can also enjoy the extremely varied and numerous amenities and shops that Edinburgh's City Centre has to offer - a leafy walk away, or cruise there on one of our free to use tenant E-bikes.

EXPERIENCE THE PERKS

OBH boasts a substantial number of additional amenities for its occupants, which all aim to provide perks outwith each individual business - this, in turn, helps to encourage a positive working environment and promotes a healthy work-life balance for all at OBH - something that is increasingly sought after in today's society.

Who could resist having their office, gym, yoga studio and favourite café all in one place. And that's not all, once a month we host wellness talks with qualified doctors, have a sanctuary garden, a platinum scored cycle hub, free electric bikes, parenting room, tenant newsletter and much, much more.

Your canine friends are also more than welcome. The whole of OBH is a dog friendly space, including the café, and there is even a dedicated and safe dog walking area where you can either sit and work or have your lunch, whilst your pup frolics to their heart's content.

WORK-LIFE BALANCE

With so many on-site amenities that you can use on a daily basis, working at OBH offers a unique opportunity for enhanced productivity and work satisfaction.

GYM

Whether it's a morning sweat to warm up for the day ahead or a post-work de-stress, the OBH gym is fully equipped and open from 7.30am – 8pm, Monday to Friday. Our country club style locker rooms and showers offer a rural retreat feel in the comfort of your own office!

FITNESS SUITE

The OBH fitness room and yoga studio provides a relaxing oasis, allowing you to get away from the everyday office chaos.

WELLNESS SUITE

The wellness suite creates a private sanctuary for prayer, relaxation or parenting needs. Complete with soft floor coverings, sofa, fridge, washing facilities, library and mood lighting.

SANCTUARY GARDEN

What could be better on a nice sunny day than having your lunch in the Sanctuary Garden, surrounded by mature trees and the sound of birdsong. Or why not just head out there with your laptop and take the office outside!

HEALTH AND WELLBEING TALKS

The Doctor Explains will provide monthly talks on a variety of health and wellbeing topics, that are free to attend for all tenants. Qualified doctors will provide advice on everything from Women's and Men's Health, Health Prevention; Leadership and Managing Workplace Stress.

DOG WALKING AREA

Don't worry, we've not forgotten your furry friends! Office dogs are not only welcome throughout the building, including in the café, but also have a dedicated and safe outdoor space. Whether it's a quick visit to the nearest tree or a longer stretch whilst you work in the sunshine, the space is perfectly suited for you and your pup.

OUR TENANTS SAY...

We moved into Orchard Brae House in 2014 and since then we've seen extensive improvements throughout the building. The office space itself is modern and efficient, and the new amenity areas are a major benefit to our staff. Significantly, it has strong sustainability credentials and, as a sustainability company, that was key to us. The building and location are perfect for our business and, as such, we have recently extended our lease.

We are delighted to be located at Orchard Brae House and love the amenities that the building offers. The cycle facilities and the ground floor café, in particular, are fantastic for our staff, many of whom cycle to work. There is a great vibe in the building through the range of other occupiers that are located here.

David Narro Associates

As a new tenant we were attracted by the quality of the environment which the owners had created. We searched for relocation options across the city and we felt Orchard Brae House offered something which no other building in Edinburgh could match. As a creative agency, our new office is bright and modern, creating a great space for our staff to work in and a great impression for our clients. The on-site café and extra amenities in the basement give our staff additional benefits that are simply not available in any other option we considered. We are delighted with our new studio at Orchard Brae House.
