BUILDING A BETTER ENVIRONMENT

Sustainability is at the heart of the proposed development with the building incorporating a range of ESG features including PV panels, EV chargers and rainwater harvesting systems.

Beyond the building, we have incorporated an enhanced landscaping scheme, including the planting of around 70 new trees promoting habitat creation and visual amenity. The attenuation pond will feature a variety of wetland plants, contributing towards the site's ecology and habitat creation.

SEAMLESS ACCESS

Tritax Big Box Newark is strategically located in the heart of the East Midlands. The site is positioned just 0.5 miles away from the A46/A1 intersection which offers UK-wide connectivity. The A1 provides direct access to the South and East linking to the M11, M1, M18 and M62 motorways.

The development is situated in a key location for logistics serving the Midlands region, with much of the local area occupied by a number of national and international businesses due to the excellent transport links and amenities available.

Modern logistics & distribution centres require a range of skilled, semi-skilled and specialist jobs to function and be maintained.

500,114
Local economically active workforce population of 500,114 within a 45 minute drive.

119,231
Local economically active workforce population of 119,231 within a 30 minute drive.

A development by:

Tritax Big Box REIT PLC is a UK based real estate investment trust (REIT). The Company invests in logistics warehouse assets now with a portfolio value of £5bn.

It owns, manages, and develops more than 75 assets from small to big boxes in prime locations in distribution hubs close to key transport infrastructure, workforce, and power.

The Company's logistics land platform has the potential over the long term to deliver over 35 million sq ft of new sustainable logistics space, more than double the size of the existing investment portfolio.

Tritax Big Box REIT PLC, in partnership with Simons Developments provide the scale, strength and expertise to deliver Newark's newest industrial development.
