PART BRIDGE WORKS

STAMFORD BRIDGE, YORK

DETACHED INDUSTRIAL / WAREHOUSE BUILDING WITH SECURE YARD AND SEPARATE OFFICE BLOCK

LOCATION

The property occupies a prominent position fronting A166 being the main route through Stamford Bridge linking York, some 5 miles to the West with the towns of Driffield and beyond to the East Coast.

Access to the subject premises is primarily achieved via Buttercrambe Road to the rear with secondary car access directly from the main A166.

DESCRIPTION

The property comprises four adjoining, detached, single storey industrial / warehouse building of steel portal frame construction. Internally, the unit comprises 4 distinct work areas benefitting from a concrete floor, good eaves height and 5 roller shutter loading doors to 3 elevations. The property benefits from canopy covered loading and has several cranes internally as well as a significant power supply. Built out of the property is a number of works and production offices.

To the front of the site is a 2-3 storey office building providing a variety of private and general offices along with kitchen and WC facilities at ground and first floor levels. At lower ground floor are stores.

Externally, the property benefits from a substantial surfaced yard area to the front and a further yard to the rear along with several car parking areas. Currently these areas are shared with the adjoining occupier and whilst some shared areas and rights of way will need to be maintained there is potential for other areas to be demised—full details upon request.
