## DESCRIPTION

The property comprises a former food production complex, offering food safe factories, warehousing and offices, all positioned around a central yard and wagon thoroughfare. Accommodation is arranged over four main units, along with ancillary storage/warehousing and an effluent plant. The main factory facilities have been modified and upgraded to a high standard and would be suitable for continued use as food production or for a number of alternative warehousing uses. Each unit has a minimum eaves height of 5.2m. The site is well secured to the perimeter, with high quality vehicular and pedestrian access gates and CCTV throughout the site and buildings.

# ACCOMMODATION

The below units are all arranged on the main site and are surrounded by various yards, loading and delivery bays and car parking. To the front of the site is an effluent plant for the filtration of the waste before the water enters into the mains system. There are also a number of portable external stores and refrigeration units. There are two 'fixed' storage units, with one unit utilised for excess product supplies and comprising a garage style unit.
