Description

The Old Torpedo Factory is a truly unique, landmark building in the heart of Park Royal. Built in the early 1900s the property has been home to car manufacturers, torpedo builders! and more recently as a distribution warehouse and offices for live events and digital technology businesses.

The building is arranged over three floors of circa 3,900 sq ft each with a goods lift providing access to the upper floors and roller shutter access into the ground floor. The rear yard is accessed from Bashley Road and provides useful vehicle access and off street parking for a couple of cars.

Location

Situated in the heart of Park Royal, the building is within a 5 minute walk of North Acton tube. Old Oak Common's new HS2 and Elizabeth Line interchange is around 200m away. This opens some significant opportunities for this building and the wider area over the next few years with a number of major residential and commercial property development projects already underway in the area.
