Accommodation

Description

The detached building has stone elevations incorporating full height front bay windows fitted upvc frame windows beneath a pitched roof with concrete tile covering.

Internally, the accommodation is accessed from a side entrance leading to the entrance hall and staircase. The original layout provided four rooms on each level and the floors have been adapted, with partitioning, for the current medical office use (consulting/treatment rooms, offices, meeting room and ancillary staff facilities).

The internal areas require complete refurbishment/modernisation for residential use. Please note that access for viewings is restricted due to the condition of sections of the suspended timber floors.

Externally there is a garden laid to lawn and the rear boundary fence incorporates a gate leading to Bream Road. The purchaser will be responsible for completing all boundary walls and fencing.

The approximate site area is calculated at 0.131 acres (0.05 hectares).

Terms

Sale of the freehold interest with vacant possession on completion.

The property is held under Title No. GR166246 and there is a restrictive covenant limiting the property to a single dwelling.

Price

Offers in excess of £250,000.
