Accommodation

Description

Units 4, 5 and 6 are arranged in a terrace and are of steel portal frame construction with pitched clad elevations and roofs. The construction provides for a clear height of approximately 7m to the underside of the frame haunch.

Access to the warehouse areas are from sectional overhead loading doors and pedestrian access doors leads to the ground floor entrance lobbys with WCs located behind.

Stairs lead to an open aspect from floor offices with single WCs.

Services

We are advised that main services are connected to the premises. We confirm that we have not tested any of the service installations and any occupier must satisfy themselves independently as to their state, condition and suitability.
