DESCRIPTION

The property comprises an existing car showroom and repair facility situated on a site area of 0.8 acres.

The property benefits from having separate entrance and exit roads, with plenty of room to the front and side of the buildings for car display purposes.

The two buildings on site can briefly be described as follows:

Main Building – This is the main car showroom which also has office accommodation at mezzanine level. The showroom can accommodate 4 cars and also has a reception area and toilet facilities.

To the rear of the showroom is the workshop which currently has 3 vehicle ramps and a rolling road. There are 3 vehicle access roller doors and lighting by fluorescent strips.

Small Building – This is a basic building which is also used for car display purposes.

Overall we are of the view that this property could also be suitable for trade or light industrial purposes.
