LOCATION

Inverness is the commercial, administrative and business centre for the Highlands and Islands of Scotland. The city is one of the fastest growing in Europe with a resident population of over 65,000 people and a catchment area of approximately 350,000 people. It is a well established tourism hot spot and also the start/end point for those embarking on the famous NC500. Inverness enjoys excellent transport links via the main A9 trunk road leading both north and south and benefits from daily rail and bus services. Aberdeen is approx. 104 miles to the southeast and Edinburgh and Glasgow are 157 miles to the south and 170 miles to the southwest respectively.

The building is located on an elevated site to the west and above the Canal at Clachnaharry on the western side of Inverness. Access is from an existing vehicular access which is shared and joins the public road (A862).

DESCRIPTION

This is a relatively modern former care home building, which is of conventional masonry construction under a pitched roof clad with concrete interlocking tiles. The floors are of suspended timber construction whilst the stairwells are formed in concrete. Windows are of timber casement double glazed pattern.

In terms of the current Planning Permission, there are no alterations required to the external building fabric. As such, conversion is essentially basic reconfiguration and fit-out of the internal accommodation.

ACCOMMODATION

The gross internal area extends to circa 1,338 sq m (14,405 sq ft). Refurbishment has recently commenced to configure the property in terms of the recent planning permission.

SERVICES

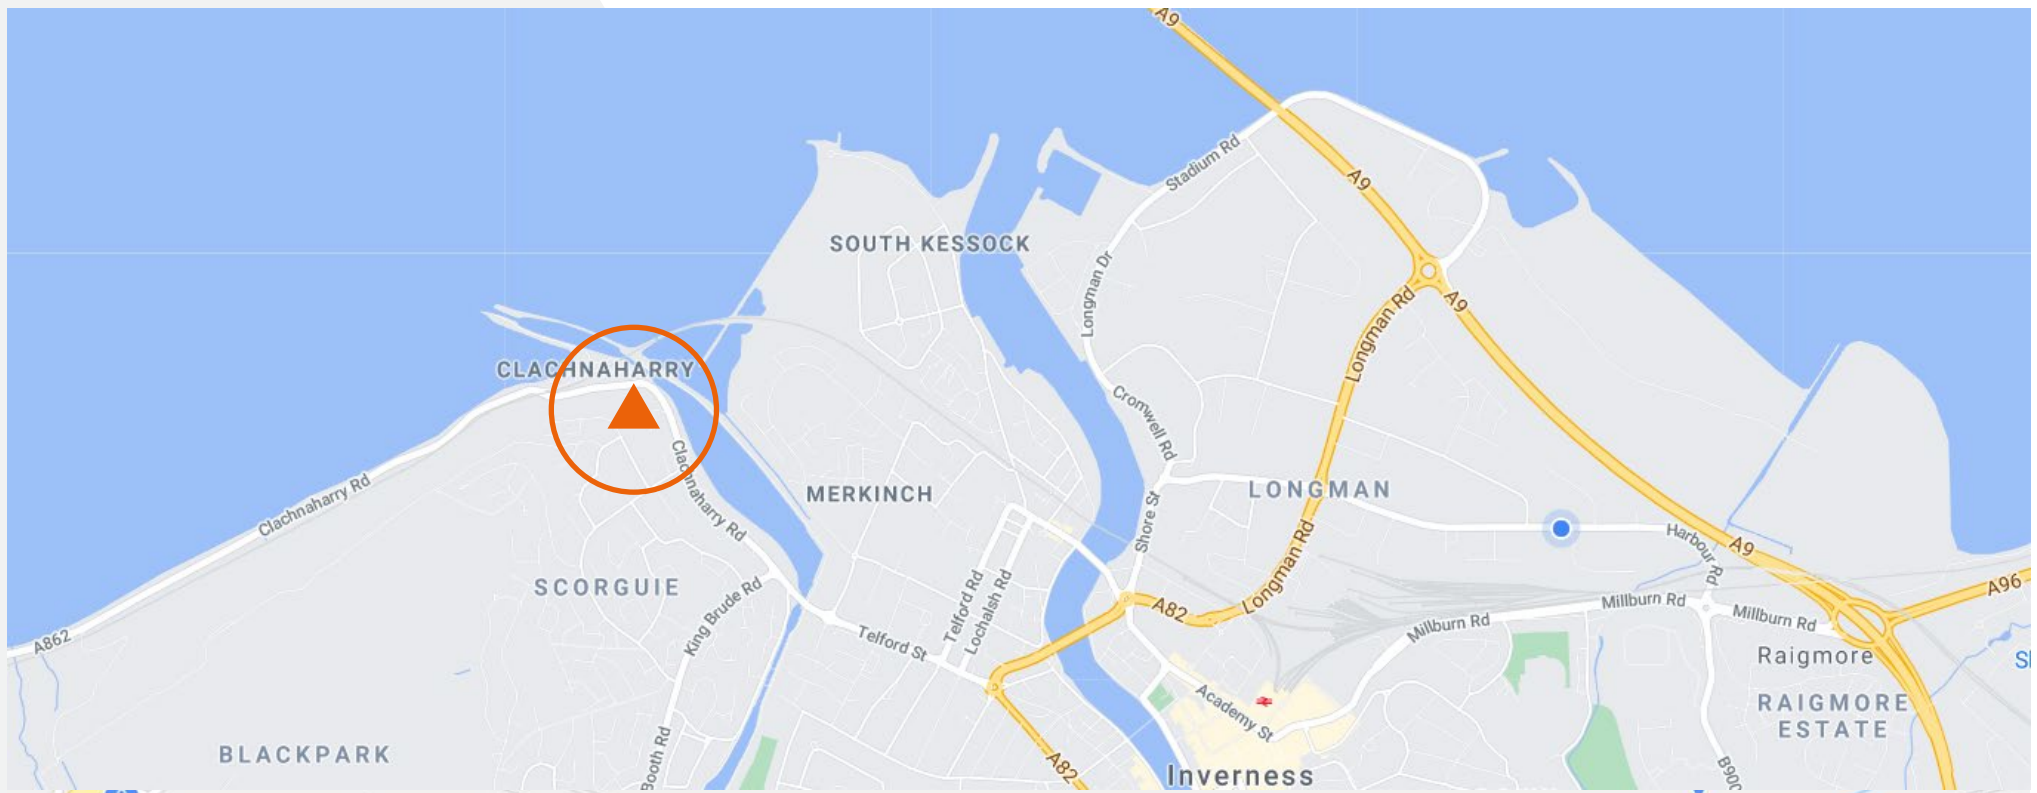

The property is connected to mains supplies of water, gas and electricity. Drainage is connected to the public sewerage system.

THE SITE

The total former care home site area extends to approximately 0.663 acre delineated red on the aerial image on the next page. The recent planning permission shows provision for 24 parking spaces including 5 for motorbikes. Additional land extending to approximately 3 acres is also available shown outlined in Pink on the aerial image.

RATEABLE VALUE

The subjects are current entered in the Valuation Roll at £100,000. This will require re-assessment on completion of any re-development works. **An application has been submitted to the Assessor for removal of the property from the Valuation Roll, as the property is under re-construction.**

BUILDING AND SURROUNDING SITE WITH CAR PARKING DELINEATED IN RED

ADDITIONAL 3 ACRES OF GAP SITE/DEVELOPMENT LAND OUTLINED IN PINK (NOT TO SCALE - INDICATIVE ONLY)

TENURE

The property is held as Heritable Interest (Scottish equivalent of English Freehold).
